The Honorable William E. Colby
Director
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Colby:

It is my pleasure to enclose a copy of our new 1975 brochure on the Washington Workshops Congressional Seminar. This marks the eighth consecutive year the award-winning Congressional Seminars have been offered to talented and involved high school students from across the country.

During our upcoming 1975 program series, we would like to invite you to join us as one of our honored speakers at a place and time and during any session throughout the year convenient to your schedule. These meetings afford a really wonderful opportunity to engage in a spirited, off-the-record exchange of views with some of the very finest young Americans who are seeking new insight into the issues and concerns of our time.

I realize your schedule must already be quite filled for 1975, but even a few minutes with the young Americans of the Congressional Seminars can be as rewarding an experience as any to come our way. I feel this very sincerely after almost a decade of work with the thousands of young people who have studied with us here in Washington.

With my warm regards, and best wishes for success in the new year, I remain

Sincerely yours,

Albert Noel Gould, Jr.
